Hello Tamue,

Attached please find the document with the /s/ notation on the signature page. You do not have to compile the document. Thanks.

Diana. Hi. Could you send to me the revised signature page /s/ so that I may insert into the main document. Thanks again Diana!

I thought the signature page is only for internal record keeping. For webposting, it is not desirable to post the actual signature on the web. That is why in SAB, we only use /s/ to indicate the document has been certified.

Hi Diana. Correct. As I have known it, this is our OCSPP/OSCP FACA process for certification.

Hello Tamue,

Will the signature page of the document be posted on [regulations.gov](https://www.regulations.gov)? In SAB, the signature page just use /s/ notation to indicate the document is signed for the chair and SAB chair. Thanks.

Hi Diane. Please provide to me the following:

- 1) list of SACC members
- 2) Signed page with both the chair and your signature.
- 3) The latest copy of the Asbestos report.

I will complete the remaining task and compile all pages together into pdf and email you the final copy. Thanks!

Diana,
I signed it but I noticed that the list of OCSPP recipients and SACC members is missing. Can you also sign and date the cover page?

Also, copying Tamue for her assistance because she is filling in for Steve.

Thanks,
Hayley

Hi Diana,
I was able to remove the adobe watermark, so it is good to go. Please convert to pdf and sign.

Thanks,
Hayley

Hayley,

Attached please find the transmittal memo. I cannot delete the watermark for adobe. But we are going to convert it to pdf file, so it should be ok. Thanks.

It would be easier if the document is in Word. I tried to convert to word from pdf, but there are all these signature blocks on the document. Thanks.

Diana,
I am sorry if you already sent this but are you doing the transmittal memo? Please see an example attached, this is the one we had for PCE.

Hi Diane,
Do you have an email or can you ask him to send you an email that he agrees with the current report as of August 26, 2020?

Thanks!
